Carbon Reduction Initiatives

Our environmental and energy management systems (cascaded through all business by group via annual refresher training and safety updates) includes a set of processes and procedures to ensure that we are continuously improving and minimising the environmental impact of our operations.

Carbon Reduction Plan

Testament to these measures include

- ISO 14001 certification
- ISO 50001 certification
- PAS 2060 certification
- Waste carriers licenses within all of our businesses
- Waste policy
- Promotion of carbon alternatives – rollout of employee EV scheme, EV chargers installed at a number of our offices, ongoing commercial EV van scheme
- Promotion of employee learning and investment into behaviour change
